In 2001, the MAA established a class scholarship program in honor of the 50th anniversary of the founding of the David Geffen School of Medicine; the goal is for each class to endow its own scholarship. Many of our medical students face debts of \$150,000 or more at graduation. By reducing their financial burden, you can make a real difference in the lives of outstanding and deserving medical students. The classes of 1955, 1961, 1962, 1975, 1976, 1979 and 1981 have reached this mark, and the others are working toward this goal. In addition, since 2002, each senior class has established its scholarship fund immediately upon graduation.
