

MAA Quarterly, Summer 2014

Many of our medical students face debts of \$150,000 or more at graduation. In 2001, the MAA established a class scholarship program in honor of the 50th anniversary of the founding of the School of Medicine. The goal is for each class to raise \$100,000 and endow its own scholarship. The classes of 1955, 1961, 1962, 1975, 1976, 1979 and 1981 have reached this mark, and the others are working toward this goal. Since 2002, each senior class has established its scholarship fund immediately upon graduation.

The Medical Alumni Association would like to thank all who contributed and acknowledge those who donated at the Gold, Silver and Bronze levels. To contribute to the Class Scholarship Program, visit medical.alumni.ucla.edu/give.
